WHAT WE DO

THE BRITSWIM WAY

WHERE WE TEACH

BritSwim teaches at multiple venues so we can find the best pool for each student, and the most convenient location for you. All our pools are monitored for quality and temperature by our team specialists. We're at PDO Club, Intercontinental Hotel, British School Muscat, Dolphin Village, and more!

OUR TEACHERS

We're very proud to have the friendliest and most dedicated swimming teachers in Oman! The BritSwim team is highly qualified and experienced for every level, and includes experts in phobic and special needs students, as well female teachers for ladies classes, and Arabic-speaking teachers too.

LESSON DURATION

BritSwim classes are 30 minutes long: perfect to hold the attention of the student and deliver an effective lesson. We want every student to learn to their fullest and still leave with a smile on their face! BritSwim offers longer classes for competitive training.

STUDENT TEACHER RATIO

BritSwim group lessons are never more than five students per teacher. We also offer private lessons for those who require them, and our competitive training level sessions and our parent-and-child sessions hold a larger number.

PRICE AND PAYMENT

Our prices depend on the location of your lessons. They range from 6 OMR to 9 OMR per class for a group lesson. BritSwim books lessons and takes payments by the term so we can deliver our very best to you. We invoice on acceptance of a group offer, and payment is made via bank deposit or transfer.

AWARDS

Everyone in the BritSwim programme is working towards our BritSwim Level awards. We're happy to reward our students' hard work with certificates reflecting their progress. We also award BritSwim SuperPowers to students who have excelled in a specific skill.

COMMUNICATION

Nothing is more important to us than the happiness of our students and the satisfaction of parents. Parents can get in touch to schedule a teacher-parent phone chat, and BritSwim teachers and team members are in regular contact with our students' families to update on progress and answer questions.
